## Firm Profile

ALAE ABOGADOS is a young law firm created in the beginning of 2007, with the goal of becoming a leading Spanish law firm. Our mission is to provide integral and exclusive legal services to our clients, drawing from our lawyers' extensive experience at multiple international law firms.

Our objective at ALAE ABOGADOS is to supply our clients with a complete service, providing advice for any questions which may arise from their activity. We add value by foreseeing our clients' needs and assisting to resolve them in the most effective way.

We do not work for our clients, we work next to them in all aspects of their business.

Our professionals provide integral legal advice according to Spanish Law to both domestic and foreign organizations. Our international vocation is materialized through collaboration with foreign law firms as well as our expansive network of contacts in South America and the European Union.

In order to achieve our goal, ALAE ABOGADOS works with an excellent team of professionals, specializing in giving global answers to our clients' problems with the highest standard of care.

The work of ALAE ABOGADOS is based on the values and experience our lawyers have acquired throughout years of practice. This serves as the foundation upon which we

develop the best quality in our areas of practice. The services offered to our clients always comply with the following standards:

- High quality of the service;
- Loyalty to the client and commitment to their projects;
- Effectiveness and quick response;
- Rigorous fulfillment of professional ethics and deontology Regulations.

We do not work for our clients, we work next to them in all aspects of their business.

ALAE ABOGADOS has important alliances with international law firms, which allow us to provide our services to clients of all nationalities, especially from Central and Latin America.

negotiation and drafting of contracts affecting different jurisdictions.

## Firm Profile

Founded in 1987, KPMG Abogados is one of the most prestigious law firms in Spain, and its legal and tax departments employ approximately more than 500 attorneys and highly skilled professionals throughout 13 offices in Spain, offering quality legal and tax advisory services within a multidisciplinary framework. Our work philosophy is based on rendering the highest quality services with the agility and the practical, multi-discipline viewpoint currently required by corporate relationships while maintaining the personal relationship between the attorney and his client. KPMG Abogados has broad experience in the international area. This places us in a privileged position for offering competitive tax services to companies with interests in different countries. We think beyond the present moment to help our clients to make responsible decisions with confidence, adding value in the long term. Our approach in the Tax area is based on giving special emphasis to tax planning, because we understand that this is the ideal instrument for helping to reduce our clients' tax burden while complying with current tax regulations. KPMG Abogados is also characterized by a profound knowledge of each of the areas of Law related to the corporate world and to business in general. This allows us to offer our clients the efficient, independent and rigorous assistance which they require.
